

ACREDIA Project^A – guaranteed security.

ACREDIA is Austria's leading credit insurance provider, protecting receivables at home and abroad. The company monitors the risks facing its Insured Persons and steps in if a Buyer fails to pay.

Customised cover for one-off projects

Buyers' solvency can only be predicted to a limited extent, especially if the project lasts several years, as is the case in the machinery and capital goods segment. This is where ACREDIA Project comes in, offering individual protection for one-off transactions.

Advantages of ACREDIA Project:

- Tailored insurance: from one-off deliveries or services through to major projects.
- Guaranteed protection for projects lasting up to five years.
- Coverage of pre-shipment risk: if you make customised products, we can cover your costs for work in progress and procurement.
- Our international experience and years of expertise mean we can guarantee individual solutions even for complex projects.

Popular extra options:

- **Political risk:** we provide support for your business activities, even if you work in difficult markets.
- **Extension option:** if your project is delayed, you have the option of extending the term of your insurance policy.

Having Oesterreichische Kontrollbank and global market leader Allianz Trade in our corner, we provide a world-wide network for local risk assessment. That puts us close to your buyers for improved risk assessments.

Do you have any questions? If so, we would be happy to assist you with these over the phone on +43 (0)5 01 02 0 or via email at sales@acredia.at.
